Training/Test Site General Rules & Regulations

A Guide to the Use of Training Properties

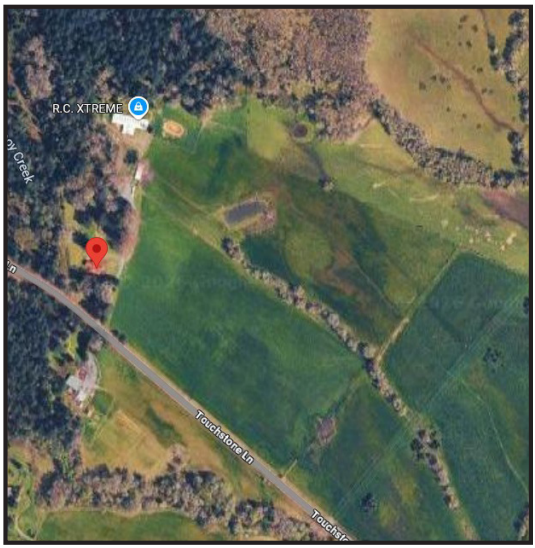

The following "Guidelines" list important considerations for the use of the pre-Master National Training Grounds and the Master National Hunt Test Grounds. All of these grounds were made available for this event by their property owners for the betterment of the community and their love of dogs. These rules and regulations are certainly not all inclusive of every possible situation that may arise. Please use common sense and above all professional courtesy while on the properties and when coming in contact with others on the properties. We are GUESTS and we must utilize the properties with the least amount of intrusiveness as possible. The Training Property sites are open from 8 AM - 5 PM Saturday September 26 through Wednesday September 30, 2026.

1. **SMOKING OUTSIDE OF YOUR VEHICLE IS STRICTLY PROHIBITED** on the Test Grounds and All Training Property Grounds. NO EXCEPTIONS!!
2. The use of these grounds shall be coordinated through the random draws for property use.
3. No one may contact owners for individual or group use or access these properties except through the Hunt Test Committee.
4. The regulations listed for each property in the training catalog are in addition to these general guidelines.
5. Unless instructed otherwise, please close and secure all gates at all times.
6. Keep vehicles to the edges of fields and away from pond banks. Access fields only with UTV's or 4-wheelers if available.
7. Be wary of livestock and neighbors.
8. Never shoot in the direction of any visible residence.
9. Remove all of your trash, including spent shells, dead birds and any other trash you find. Do not leave food scraps or spilled dog food on the grounds. Some properties specifically prohibit feeding on the grounds due to moving wildlife. WE DO HAVE MOUNTAIN LIONS AND COUGARS IN THE AREA!!
10. Stay well-away from kennels and residences unless otherwise directed by property owners.
11. Dead birds must be disposed of in plastic bags in approved Master National trash containers. There will be a trash container/dumpsters for dead birds at Del Rio Industrial Park and at the Master National Bird Pen Steward location adjacent to ODFW Regional Office 4192 N. Umpqua Hwy, Roseburg)** N. Umpqua Hwy is Diamond Lake Blvd in city limits.**
12. By entering any of these properties you acknowledge the risks inherent in outdoor sports whether such risks are apparent or hidden. All participants accept those risks and agree that they alone are responsible for the health and safety for themselves and others in their group. Participants, by their use of the properties, acknowledge that they hold the property owners, MNRC, UVRC, its officers and members harmless and free of any liability for any accidents, injuries or damage to their persons or vehicles. Entering any the properties is further subject to the participants' agreement to be held fully responsible for any damage, accidental or otherwise, to the property and any animals, facilities, buildings or equipment located on the property.
13. Enjoy these wonderful properties But PLEASE, be courteous to the landowners and their neighbors.
14. **MOST IMPORTANT,** if ground and grasses are still very dry, then NO USE OF 209/22 BLANKS in any winger. Fire moves very quickly and we don't want anyone to get hurt or lose their life.
15. PLEASE PICK UP AFTER YOUR DOGS!! Especially on groomed grounds! USE Porta Potty on property if available for yourself!!
